

Invitation to Parents & Carers Workshops

The ADHD Foundation is a charity that offers a range of services to support and improve the health and well being of children, young people and families.

Some children can function differently at home or school, or even have problems with change or transitions.

Your child's school has made a commitment to supporting children who may experience these or other challenges, and arranged for some online workshops available during lockdown.

Many parents/carers find these really helpful; developing better understanding, with a strength based approach.

If you would like to access these, let your school know and consent for us to contact you.

Delivered over Microsoft Teams

Morning, afternoon or evening sessions available

We invite you to register.

Q&A available and responded to afterwards, where we will ask for feedback and then send you resources.

151 Dale Street. Liverpool. L2 2AH. 0151-237-2661
